

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at <http://books.google.com/>

CATALOGUE

OF THE

SALEM MECHANIC LIBRARY.

TOGETHER WITH THE

RULES AND BY-LAWS.

INSTITUTED AUGUST, 1820.

SALEM:
REGISTER PRESS,.....185 ESSEX-ST.,
1851.

32...3.4

1851 Nov 26 Gibb's
to Hon Charles Sumner
of Boston

RULES AND BY-LAWS.

—ooo—

ARTICLE I. The Board of Directors shall annually inspect the Library on the Monday preceding the first Wednesday in January. Every book shall be brought into the Library on or before the Saturday preceding the day of the Annual Meeting for the choice of Officers, so that the whole may be in the Library at the time of said meeting, every year.

ART. II. Every member neglecting to return his book or books on or before the Saturday preceding the day of the Annual Meeting, shall forfeit and pay the sum of fifty cents for each volume not returned.

ART. III. Any member owing a fine or forfeiture shall be debarred the privilege of taking out any book until the same is paid.

ART. IV. All fines and forfeitures shall be appropriated towards defraying the expenses of the Library.

ART. V. Any member may take out of the Library one volume for himself weekly. Any apprentice belonging to a member of the Association, after having delivered to the Librarian an order from his master, may take out one volume weekly, his master being accountable for the same.

ART. VI. If any book be injured or lost, the member on whose account it was taken out shall pay such damage as the Librarian, with any two of the Directors, may determine.

ART. VII. No member or apprentice shall detain any book longer than four weeks, under a fine of six cents for every week that any book is so detained.

ART. VIII. Any book not returned in three months will be considered as lost, and shall be paid for.

By order of the Board of Directors.

JOSEPH TRUE, Chairman.

THOMAS NEEDHAM, Sec'y.

Feb. 15, 1825.

An addition to the Rules and By-Laws of the Salem Mechanic Library.

Each member of the Association, by himself, or a special written order, may take out one number of *Rees's Cyclopædia* weekly, but shall not hold more than one number for his own and apprentice's use, at one and the same time, (except by special permit of two or more of the Government) and which he shall not detain longer than four weeks, under a penalty of twenty-five cents for every week any number may be by him detained; and he shall be accountable for all damage that may occur while the same shall be in his possession.

ANDREW TUCKER,

Chairman of the Committee.

The above accepted by the Government.

A true copy.—Attest.

T. NEEDHAM, *Secretary and Librarian.*

¶ The attention of the Government of the Association has been called to the great and really culpable abuse of many valuable books belonging to the Library. Engravings have been torn out, the books have been scribbled in and otherwise defaced, to such an extent that the annual appropriations are hardly sufficient to make good the deterioration. They have been earnestly urged to apply a remedy. They would not willingly deprive even the most thoughtless and culpable of the valuable privileges of the Library. They would fain believe that the evil complained of, proceeds rather from thoughtlessness than from a settled purpose of mischief. They hope that the evil, being pointed out, will be remedied. They earnestly appeal to the sense of propriety, to the better nature of those who have committed these offences. Should their earnest remonstrances and advice be disregarded, they will feel it their duty to call the delinquents to a strict account.

ALBERT G. BROWNE, *President.*

THOMAS NICHOLS, *Vice Pres't.*

T. M. DIX, *Secretary.*
